

COVID-19

NEW PROVISIONAL WORK SCHEDULE

Barcelona Wednesday, 30th March 2020

Due to the current situation of COVID-19 and the new Government Decree that confines us all at home, Bielec SL has modified its organization and work schedule. We will all work through telematics service. Thus the offices and the warehouse will be closed for the reception and shipment of material until further notice.

Understanding the current situation, we will try to solve all the queries that come.

In the event that your company is within the supply chain of first necessity, we will attend to your orders within our possibilities.

Best Regards

BIELEC SL
