

Replacement Filters

Designed to Fit a Range of Purex Extraction Systems

At Donaldson BOFA, we understand that fume extraction systems vary — but your need for reliable filtration does not. Whatever the make or model, we believe you deserve optimal filtration performance from your systems.

We're here to support you in getting the most from your systems to make your job easier, help reduce unplanned downtime, and keep your operations running smoothly.

That's why we've developed a range of filters designed to fit the Purex 200i, Purex 400i, Purex 800i, and Purex Alpha extraction systems to give you the compatibility you need without compromise.

Whether you need to replace your filters or are looking to optimize your performance, we offer compatible pre-filters and combined HEPA/carbon filters, designed to provide a high level of filtration across a wide range of applications.

DESIGNED TO FIT.

ENGINEERED TO PERFORM.

Reliable Performance

Designed to provide long filter life, reduce replacement frequency, and maintain system performance.

Quality Filter Media

The activated impregnated coconut carbon in our combined filters helps capture a wide range of contaminants.

Reduced Carbon Breakthrough

Designed to reduce the risk of carbon breakthrough which can affect key components and overall extraction performance.

Quality Tested

Our filters have undergone thorough testing in our labs for performance and reliability.

PRE-FILTER TECHNICAL SPECIFICATIONS

Filter Type	Description	Part Number	Media Surface Area	Dust Holding Capacity*	Filter Efficiency
Bag Filter	Pre-Filter F6 Bag – 200i, 400i, Alpha, Alpha Dust – Will Fit (Pack of 2)	1UA1030020	2.63 m ² (28.27 ft ²)	3799 g (134 oz)	ePM2.5 = 95%
Bag Filter	Pre-Filter F6 Bag – 800i – Will Fit (Pack of 2)	1UA1030021	4.81 m ² (51.77 ft ²)	2401 g (85 oz)	ePM2.5 = 95%

*Tested using ISO fine dust, to 20mbar at nominal airflow

MAIN FILTER TECHNICAL SPECIFICATIONS

Filter Type	Description	Part Number	Media Surface Area	Carbon Weight	HEPA Filter Efficiency
HEPA & Carbon Filter	Main Filter HEPA & Carbon – 200i, 400i, Alpha – Will Fit	1UA1030022	4.03 m ² (43.38 ft ²) HEPA	7 kg (15.43 lbs) Activated Carbon	99.995% for 0.3 µm particles
HEPA & Carbon Filter	Main Filter HEPA & Carbon – 800i (2Tier) – Will Fit	1UA1030023	10.43 m ² (112.27 ft ²) HEPA	10 kg (22.04 lbs) Activated Carbon	99.995% for 0.3 µm particles
